FLUFFY ST # 304

Multiple of 3 plus 1 helper st.

1. Ch 10 sts with DC. 2. PU sts. 3. TH, add LC loop, pull through first st, * ch 3, pull through 3 tog, rep from *. At end of row, ch 1 to lock the last 3 tog. 4. Now you cover the space between shells. * Skip top of shell. PU 1 st in first ch, insert hook in the ch of the row below between shells, go under 1 strand and under the CHO row, YO, pull through toward you, PU 1 st in the third ch of the group of three. (Skip the center ch of CHO row, that makes it fluffy). Rep from * to end of row. Do not PU in the last bar. Fig. 4.

5. TH, CHO with DC as in step 3. Make sure you keep pattern in line. There should be 2 strands across the top of each shell, I call this a bridge. Keep your bridges clear, by taking the 3 bars tog between bridges. 6. PU sts as in step 4, but from now on go under the top strand of the bridge to PU the center st. Rep steps 5 and 6 alternating colors to form a square. Bind off with DC in pattern st on PU row.
